DL Miner Construction
11 Clermont Drive
Cape May CH, NJ 08210

Dear Sir or Madam:

With well-earned respect, I confidently recommend DL Miner Construction.

I had the good fortune of working with DL Miner on our multimillion dollar, Level 2 remodel completed in May 2012. It stands out as one of the most complex projects undertaken at Windrift. The project was first presented to DL in August 2011. In order to meet our goal of redesigning Level 2 as well as demolishing and then rebuilding the entire hotel, detailed planning, implementation, and communication with all construction team members was critical. DL Miner Construction supported each subcontractor ceaselessly, worked diligently, and communicated well together and with the team to successfully complete the project in time for our 2012 season opening.

The DL Miner team executed the remodel exceptionally well and were always prepared to proactively identify options and solutions to challenges inevitably occurring in a complex project. Manpower and material procurement were also managed well and, as adjustments were required, DL smoothly adapted to enhance the flow of construction progress.

The success of any complex project depends in large measure on the team assembled and the team's ability to communicate and work collaboratively and unselfishly towards the goal. DL Miner's service to Windrift was excellent and their contribution to meeting our deadline commendable. Again, I highly recommend DL Construction and would welcome their contribution to future projects. Your inquiries are invited.

Sincerely,

Peter Compare
